**“FLEx has become a large part of my heart. I wasn’t sure if I wanted to be a part of FLEx because I had to leave home early and I didn’t know if it would benefit me. But as I continued on, it was the best decision I made: I made so many new friends, we grew as a family, and I felt like I could overcome the world with all the lessons I learned. FLEx is a short 3 days, but it hits you just like a class would, and you feel empowered. It was the best decision I made to start off my freshman year here at the University of New Haven.”**
