University of New Haven
West Haven, Connecticut

Dean, School of Health Sciences

University of New Haven invites nominations and applications for the position of Dean, School of Health Sciences.

The School of Health Sciences (SHS) is one of the most progressive health sciences schools in the U.S. for its approach to integrating all health professionals in an interdisciplinary, interprofessional educational experience focused on public health, ethics, and health technology. SHS includes the Departments of Allied Health, Nutrition Sciences, and Health Administration and Policy, as well as the University's programs in dental hygiene, healthcare administration, health sciences, paramedicine, and nutrition and dietetics. SHS also has ambitious plans to launch many new academic programs over the next decade, including new doctoral programs.

This is an opportunity for a creative and visionary academic leader within the health sciences to play a pivotal role in leading the School's continued growth in developing new programs to educate students for challenging and meaningful health care careers. Reporting to the Provost, the Dean will articulate a vision and corresponding plan that will result in the School being recognized nationally as a leader in the preparation of superior providers of health care.

Candidates must have an earned doctorate and be eligible for a faculty appointment at the rank of Associate Professor or Professor. We seek candidates who can inspire faculty and staff to work together to build outstanding academic programs. The ideal candidate will possess strong management skills with the ability to effectively partner with a broad range of constituents internally and externally. The successful candidate will be a persuasive communicator with strong and highly effective interpersonal skills.

The University of New Haven is a private, top-tier, residential, comprehensive institution focused on engaged teaching and high-impact experiential education. In addition to the School of Health Sciences, the university offers 80 undergraduate and graduate programs across the College of Arts and Sciences, the College of Business, the Tagliatela College of Engineering, and the Henry C. Lee College of Criminal Justice and Forensic Sciences.

Inquiries, nominations and applications are invited. Applications should include a *curriculum vitae* and cover letter which should be sent electronically to: NewHavenDeanHealth@wittkieffer.com. Inquiries may be directed to Claudia Teschky, Joyce De Leo, PhD, or Megan Welch, the WittKieffer consultants supporting this search, at 630/575-6904.

The University of New Haven is committed to diversity and inclusion in higher education. The university seeks candidates whose experiences have prepared them to contribute diversity and inclusion in our academic community.
