

MARVIN K. PETERSON LIBRARY NEWSLETTER WELCOME BACK! SPRING 2016

What's New this Spring?

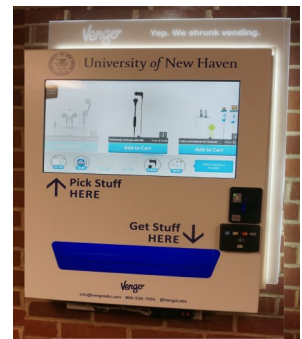

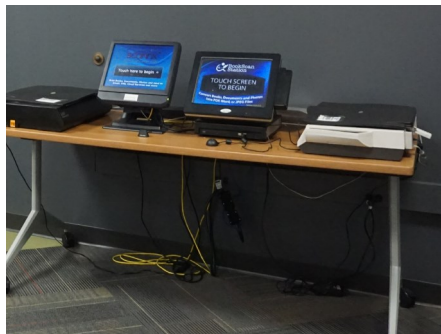

Students returning to the library this spring will notice a few changes in the library:

Library Print Stations on the entry level have new iPad swipe stations. They're also touch screen so now after swiping your UNH ID card, jobs will be released by touching the job on the screen.

Library Printers that used to be called LaserJet 9040 are now named Library B&W

Scanners are now both located on the library entry level. They're on the table next to the entry level printers.

A **Vengo Vending Machine** is now located near the elevators on the entry level. Among the options offered for purchase are scull candy earbuds with mic, cable & adapter for Android and Apple certified charger & cable and snacks.

Finding Credible Information about the Presidential Candidates

With the 2016 elections approaching and presidential candidates campaigning across the country, how can you tell if what the politicians are saying is true? What if you wanted to learn more about a specific issue or topic, where would you look? The library has a number of great resources to help you track down information about all of the candidates.

What if you wanted to know more about Ted Cruz's campaign trail in Iowa, or what events Hillary Clinton has been attending in New Hampshire? The national news may briefly cover those topics, but for more in-depth information, the local news from Iowa or New Hampshire would contain source of information. The library database, Access World News, would be an excellent resource for local newspapers. This database contains thousands of newspapers from around the world, all in English.

There are 29 local newspapers for just the state of Iowa. You can search or browse an individual publication or all of them together. And if you want the national newspaper coverage, you can read hundreds of newspapers (including the New York Times and Wall Street Journal) through the library databases. If you know the name of the newspaper you want to read, go to the "Journals and Newspapers" link on the library homepage (<http://www.newhaven.edu/library>) and type in the title to access that publication.

While reading through the newspapers, what if you wanted to learn more about a specific topic that a candidate discussed? For instance, Bernie Sanders is on the campaign trail discussing income inequality and Wall Street reform. The library has a wide number of resources available through our databases that covering this topic. The databases MasterFILE and/or MainFILE contains current issues of hundreds of magazines and scholarly journals, including the Atlantic and the New Yorker. The UNH library has about 80 different databases that all contain different materials, so if you wanted to know more about Wall Street reform and get a scholarly take, a database like ABI/Inform Complete has thousands of articles that discuss this topic.

Learn how to install Zotero and use it to collect, manage, and cite your research sources. Zotero will even help you create bibliographies.	Fri, April 15	12:00

Reading and Watching at your Leisure

Most students and faculty are aware of the multitude of resources the library has available for research such as the extensive collection of books and databases containing journal, magazines and news. But did you know that the library also has resources for leisure reading and leisure watching? On the upper level landing you'll find an assortment of paperback novels. Feel free to take one. You can return it or contribute one of your own if you like. On the lower level, you'll find a great collection of current books including graphic novels, popular fiction and more. Borrow these by charging them out at the library information desk with your UNH ID. In addition, there's a great collection of foreign and indie movies on DVD. You can look at these at the library information desk and charge them out there.

Leisure Reading: Library Upper Level

Leisure Reading: Library Lower Level

The Marvin K. Peterson Library is on Social Media? Help us spread the word!

In Spring of 2010, the library created a Twitter account (UNH_Library) and in Fall of 2014, we created a Facebook account (Marvin K. Peterson Library - University of New Haven) to better connect with our UNH community members who use social media. On our pages you can find information about hours, services, new books, events, workshops and much more. Follow or "like" our accounts to get the latest library updates and help us spread the word!
