

## ENGINEERING CAMP

# ROBOTIC MOVES

**MATH TEACHER** Robin Ferrlera, right, helps Mike DeLuca, third from left, test a robot he built during an engineering camp for teenagers sponsored in part by Sikorsky Aircraft at the University of New Haven Thursday. Joshua Bartholomew, left, Patrick McGrath, second from left, and Katia Howard, second from right, look on. Ferrlera teaches at West Haven High School. High school students are working with teachers and representatives from Sikorsky during the two-week camp.
