

University of  
New Haven

# WELCOME!

## EXPLORE RESOURCES ON CAMPUS

Welcome to the University of New Haven, a diverse and welcoming community of faculty and staff from across the nation. We recognize that transitioning to college can be a daunting experience. We want you to know that you will have support all along the way. Make sure to check out our available resources and reach out if you have any questions!

1. **Dean of Students:** Our Dean of Students Dr. Ophelie Rowe-Allen is here to create a seamless learning environment in which your intellectual, social, and emotional well-being are recognized and fully supported. Feel free to stop by the Dean of Students Office in Bartels Hall, and connect with Dean Rowe-Allen about your needs, interests, or any student-support questions you may have.
2. **Center for Student Engagement, Leadership, and Orientation (CSELO):** We strongly encourage our students to get involved on our campus. CSELO will be hosting Charge In/Student Involvement fairs from August 16–22. This fair hosts representatives from over 150 recognized student organizations. Be sure to stop by CSELO in Bartels Hall or call 203.479.4582 for more information about how to get involved on campus.
3. **Office of Residential Life:** Living in one of our residence halls enables you to participate in a well-rounded educational experience that caters to your personal and professional development.

When you live in a University of New Haven residence hall, you live and learn near the people and places that are integral to your college experience, and you'll be part of a supportive, engaging community. Through our unique Enhanced Learning Communities, you can even live with people who have the same major or interest as you.

If you have any questions or concerns about your housing, be sure to stop by the Office of Residential Life in Bixler Hall or call 203.932.7076.

4. **Accessibility Resources Center (ARC):** ARC provides comprehensive supports and a range of services that serve to promote educational equity and ensure students are able to participate in the opportunities available at the University of New Haven.

Referrals and inquiries concerning any matters relating to students with disabilities, accessible facilities, and/or reasonable accommodations should be directed to this office at 203.932.7332 or [ARC@newhaven.edu](mailto:ARC@newhaven.edu). Feel free to visit ARC on the ground floor in the rear of Sheffield Hall.

5. **Career Development Center:** From help choosing the right major — or switching to a better fit — to internships and co-ops, résumé building, interview training, and job listings in your field, the Career Development Center's goal is to connect you with the services and resources you need to map out the career you envision. You can find the Career Development Center in Bartels Student Activity Center (BSAC).

6. **The Myatt Center for Diversity and Inclusion:** The Myatt Center for Diversity and Inclusion assists the University in promoting cultural diversity, awareness, and sensitivity throughout the campus community. Its programs, services, and activities promote cultural identity and understanding within a multicultural environment. You can find the Myatt Center in Gerber Hall.

### Finding your way around campus.

Scan the QR Code or visit [newhaven.edu/map](http://newhaven.edu/map) for our interactive campus map. You can even get walking directions!

7. **ChargerRec:** Your physical and social success starts here. We embrace the diverse recreational needs of our students by offering a wide variety of programs, services, and facilities. Whether you are looking for competition, fitness classes, a massage, hiking trips, or just a chance to make some new friends, we have something for you. Stop by the David A. Beckerman Recreation Center to see all we have to offer!
8. **Health Services:** The Health Services office is the primary provider of on-campus medical care in cases of student illness or injury. Health Services is also responsible for educational health programs, including a weekly Women's Services Clinic that provides assistance and information about gynecological care. Health Services is located in the Nicholson Health Center on the ground floor in Sheffield Hall.
9. **Counseling and Psychological Services (CAPS):** The Counseling and Psychological Services (CAPS) office believes that students are strong, capable, and resilient. We offer our services to support them and those qualities in times when they may need additional support to manage an array of mental-health challenges. We utilize students' own strengths and aid them in being able to function at their highest capacity. Our ultimate goal is for students to have the ability to identify and reach their own goals.  
  
CAPS offers individual counseling, support group offerings, group counseling, support, and consultation services as well as medication management. They provide a variety of outreach options to students throughout the year in the campus community. CAPS is available 24/7 for crisis support and can be reached at 203.932.7333.
10. **One Stop:** The One Stop is an integrated customer service office representing the offices of the Bursar, Financial Aid, and Registrar. Our office is here to assist students and families with their student billing, financial aid, and registration questions. You can find the One Stop in Bergami Hall.
11. **Center for Student Success (CSS):** CSS aims to provide support, resources, and advising assistance for all students at the University of New Haven. If you have any questions or concerns about your first-semester schedule, stop by CSS in Maxcy Hall or call 203.932.7237.
12. **Tech Support:** If you are having any trouble accessing your university account or email, you may reach out to [StudentTechSupport@NewHaven.edu](mailto:StudentTechSupport@NewHaven.edu)

## ORIENTATION & TRANSITION LEADERS

The student body at the University of New Haven is also a great resource for you in your transition to college. We encourage you to connect with your Orientation & Transition Leader (OTL) on campus, as they will be a great resource for you on campus. Feel free to reach out to your OTL below.
