Juniors: Gain Experience

Seniors: See Results

Medical and Health Services Manager

 #4 in 100 Best Jobs

Health care systems are like well-oiled machines, and it's the job of medical and health services managers to keep all the parts running. These professionals might hire staff members, manage budgets, create goals for a department and increase the efficiency of health services, as well as manage a practice for a group of doctors, manage a medical facility or manage a department. **READ MORE »**

Occupational Therapist

 #19 in 100 Best Jobs

Occupational therapists assist those who are sick, injured or disabled with day-to-day activities, such as showing someone how to use a wheelchair, or helping someone who had a stroke relearn how to cook, clean or get dressed. These professionals might also work with kids in educational settings, people with mental illnesses or someone who was involved in a bad car accident. [READ MORE »](#)
