How do I know if my financial aid is finalized?

Thank you for accessing the University of New Haven online Financial Aid System. This provides you the ability to view and manage your financial aid for the 2021-2022 academic year. Selecting “Menu” you can view, accept, decline awards, check on the status of your awards, receive an estimated loan history report, download forms, and read important messages about your financial aid. On each page you will find specific information and instructions.

When applying for aid you can confirm we have received the required documents and determine what forms are outstanding by visiting the “Documents” page. If additional documents are being requested you may find the forms you need on the “Forms” page. After you complete your application and we process a financial aid award, you can view and then accept or decline the offered assistance at the Awards and Accept Awards pages.

The College Financing Plan in the menu gives you important information about your financial aid award and about the university. This link only appears when you have a financial aid award processed. THE COLLEGE FINANCING PLAN IS NOT AN AWARD LETTER. It takes your financial aid award information from the Awards page and formats it into a federally mandated worksheet. Please click from the menu for your personalized sheet.

We hope that this system provides a valuable tool that assists you in navigating the financial aid process. Please contact the office at (203) 932-7315 or financialaid@newhaven.edu with any questions or concerns.
