Search# 21-WETLANDSECOL

Adjunct Professor - Wetlands Ecology

The Department of Biology and Environmental Science at the University of New Haven invites applications for an adjunct professor to teach a Wetlands Ecology course during the Spring 2021 semester, with a potential to extend into future semesters. This course provides essential training in theory, function, conservation, and restoration of saltwater and freshwater wetlands systems to students in the Masters Program in Environmental Science. The teaching load will consist of one lecture per week with additional lab/field components scheduled regularly throughout the semester. Students graduating with an MS in Environmental Science from the University of New Haven go on to pursue careers in government, non-profits, the private sector, and academia, so focus on both theory and practical applications of wetlands ecology is necessary.

A minimum of a Master’s degree in Environmental Science, Ecology, Marine Biology, or related field is required, Ph.D. preferred. Applicants should have experience working in wetlands systems in a professional or research capacity. The ideal candidate will have some teaching experience at the college level and a commitment to student-centered teaching is required. Preference will be given to those with a record of teaching excellence at the university level. Familiarity with online teaching is a plus.

Consideration of applicants will begin immediately and will continue until the position is filled. To apply, please send the following electronically to Dr. Christian Conroy, Coordinator of the Graduate Program in Environmental Science (cwconroy@newhaven.edu): a brief cover letter explaining teaching experience and philosophy, a CV, at least 3 artifacts of teaching ability (examples include syllabi, student evaluations, learning exercises, assignments, or other feedback), and the name and contact information for three references. Be sure to include “adjunct application Spring 2021” in the email subject line.

University of New Haven is an Equal Opportunity, Affirmative Action employer.
