The University of New Haven invites applications for adjunct professor positions in Anatomy & Physiology to begin in Spring 2021.

The Department of Biology and Environmental Science at the University of New Haven invites applications for adjunct professors to teach Anatomy & Physiology during the Spring 2021 semester, with a potential to extend into future semesters. This course services several majors including Biology, Genetics & Biotechnology, Forensic Science, Health Science, Nutrition and Dietetics, Dental Hygiene, Paramedicine, and Medical Lab Sciences. The teaching load will consist of up to three lectures and/or labs in the described fields with the applicant’s specialties and experience being taken into account. In most cases course content will be provided for adaptation.

A minimum of a Master’s degree in Biology or related field is required, Ph.D. preferred. The ideal candidate will have some teaching experience at the college level and a commitment to student-centered teaching is required. Preference will be given to those with a record of teaching excellence at the university level. Familiarity with online teaching is a plus, but these courses will require an on-campus component from the successful applicant.

Consideration of applicants will begin immediately and will continue until the position is filled. To apply, please send the following electronically to Dr. Nikolas Stasulli, at nstasulli@newhaven.edu as he is the Coordinator of the Biology and Genetics & Biotechnology programs.

Please submit a brief cover letter explaining teaching experience and philosophy, a CV, at least 3 artifacts of teaching ability (examples include syllabi, student evaluations, learning exercises, assignments, or other feedback), and the name and contact information for three references. Be sure to include “Spring 2021 – Search #21AnatomyPhysiology” in the email subject line. Or mail the required documents to:

Search #21AnatomyPhysiology
Human Resources Department
University of New Haven
300 Boston Post Road
West Haven, CT 06516
Electronic submission is strongly encouraged. Please include #21AnatomyPhysiology in the subject line of all emails to ensure proper delivery. Interviews will be ongoing until positions are filled
