PLEASE NOTE: Students for whom any of the courses on this sheet are prerequisites to other courses should consult with their advisors before they choose Pass/Fail for those courses. Be aware that even if you choose the Pass/Fail option for any of these courses, that is what will be recorded on your transcript, however, your actual letter grade might be used to determine whether you are eligible to take the next course (any course for which this course is a prerequisite). If the minimum grade is not met, you may need to repeat the course. Again, if you are unsure about what the next course will be, please check with your advisor.
