UNIVERSITY OF NEW HAVEN

West Haven, Connecticut, USA
The University of New Haven has resided in the shoreline city of West Haven, Connecticut since 1960. This ideal location provides easy access to New York City and Boston, two of the largest cities in the United States and home to some of the world’s leading businesses, organizations, hospitals, and educational institutions. West Haven offers nature-lovers the longest shoreline in Connecticut, while the more urban-minded can enjoy the cultural attractions and culinary delights of New Haven with just a 10-minute ride. Over 68,000 loyal alumni call the University of New Haven — and West Haven — their forever home.

Building for Success

Bergami Center for Science, Technology, and Innovation

Opened fall 2020, the Bergami Center for Science, Technology, and Innovation is a soaring, light-filled, 40,000-square-foot facility that features a maker-space for developing and testing ideas; state-of-the-art science classrooms; communications studios; advanced "smart" classrooms; an atrium/café; and space for exciting, multidisciplinary student and faculty collaboration.

David A. Beckerman Recreation Center

Participate in intramural sports, get personal training, or work out in our state-of-the-art recreation center. This facility includes a weight room and fitness center, exercise studios; jogging track, hardwood activity courts, juice bar, lounge areas, and locker rooms.

Campus Life

In addition to the number of opportunities to engage with your residential community through social and education programming, the University also has over 150+ clubs and organizations. Students at the University of New Haven can get involved on campus right from day one with Intramural RecSports, fraternities and sororities, academic organizations, and cultural organizations. All of these activities provide you with the opportunity to interact with your fellow students outside of the classroom.
About Us

The University of New Haven, founded on the Yale campus in 1920, is a private, coeducational university situated on the coast of southern New England. It’s a diverse and vibrant community of more than 9,800 students with campuses across the country and around the world.

Within our colleges and schools, students immerse themselves in a transformative, career-focused education across the liberal arts and sciences, fine arts, business, healthcare and health sciences, engineering, public safety, and public service. More than 100 academic programs are offered, all grounded in a long-standing commitment to collaborative, interdisciplinary, project-based learning.

At the University of New Haven, the experience of learning is both personal and pragmatic, guided by a distinguished faculty who care deeply about individual student success. As leaders in their fields, faculty provide the inspiration and recognition needed for students to fulfill their potential and succeed at whatever they choose to do.

STEM DESIGNATION – To earn the federal government’s STEM Designation, programs must focus heavily on the fields of science, technology, engineering, or math. In addition, STEM-designated educational programs may enable international graduates to remain in the United States for an additional 24 months after graduation to receive training through work experience.
